You 2 me are everything
You and I
You are so beautiful
You are the sunshine of my life
You don't have to say you love me
You gave me a mountain
You give love a bad name
You make me feel brand new
You should be dancing
You to me are everything
You'll never find
You'll never walk alone
Young hearts run free
Your mamma don't dance
You're just another part of me
You're my world
You're nobody till somebody loves you
You're sixteen
You're the one that I want
Your're so vain
You've got a friend
You've got it*

You've lost that lovin feelin
